MEMORANDUM FOR: Chief, Regulations Control Division

FROM:

Information and Privacy Division

SUBJECT:

Proposed Notice

STAT

1. The DECAL notice procedures just implemented by IPD satisfy all notification requirements; OCR TOP SECRET Control and the office of record, as well as CRD. It is not necessary for components to notify CRD of any Freedom of Information Act (FOIA), Privacy Act (PA), or mandatory review under Executive Order 12065 actions.

STAT

2. Additionally, it is not necessary for CRD to notify OCR or any other component of actions taken as a result of FOIA, PA, or mandatory review under E.O. 12065 actions.

3. I believe proposed notice should state that the actions to be reported to CRD are other than FOIA, PA, or E.O. 12065 requests processed through IPD.

STAT

*says DECAL should start generating notices around 1 Feb 1981. DARE programming has started; shooting for March completion.*
